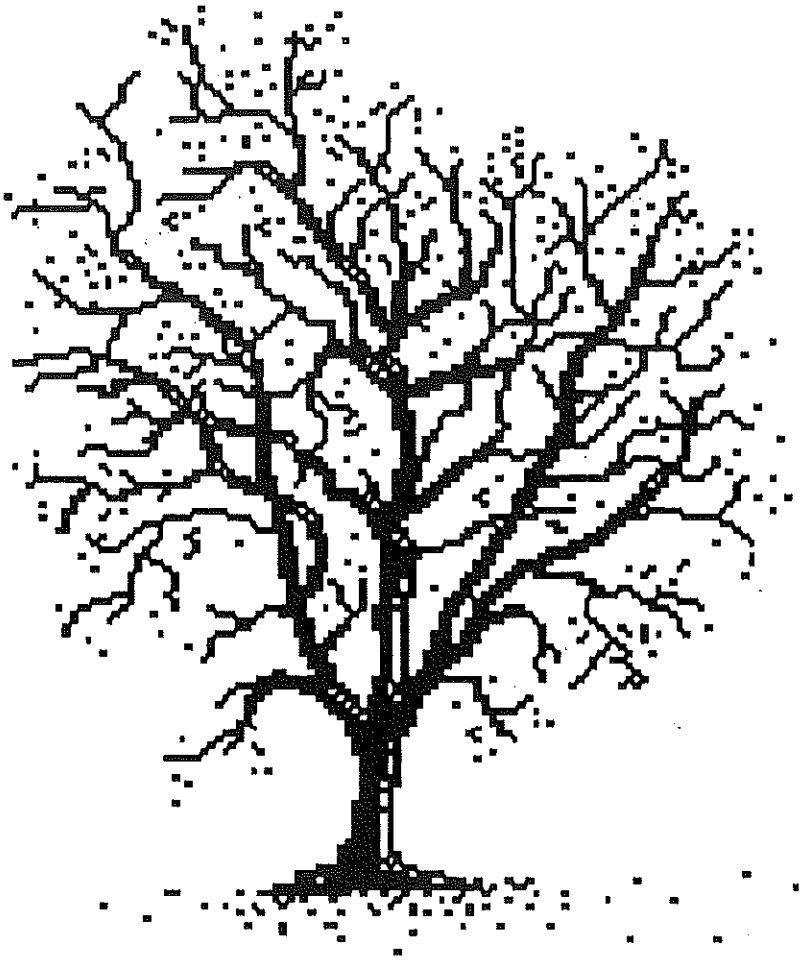
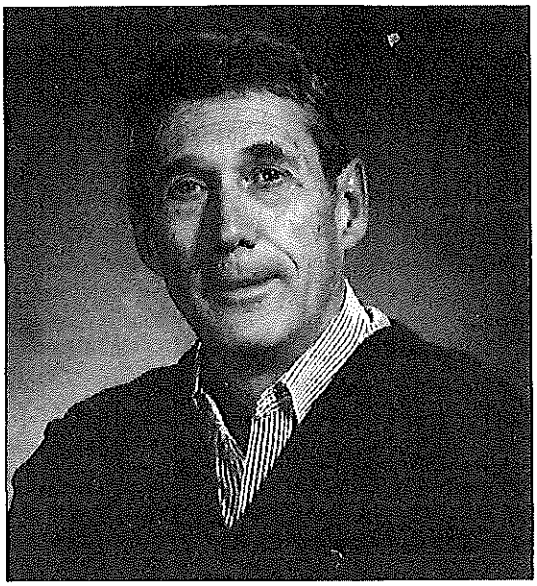
LUNENBURG



ANNUAL TOWN REPORT 1991

MEMORIAM



PETER GRENIER
1928 - 1991

Peter Grenier taught at the Lunenburg High School and Middle School for a total of thirty-two years. A Maine native, he earned his Bachelor's Degree at the University of Maine, and his Master's Degree at Fitchburg State College. He was married to Paulette (Fluet) Grenier and had three sons, Peter, David and Michael. He gave of himself as a teacher and as a coach. He was a man of energy and was excited about all he did. He was well loved in the community and is missed by all his many friends and colleagues. He brought dignity to an already noble profession.

FRED P. BROWNE
1942 - 1991

Dressed always in denim
Thoreauvian fused
Doctorate holder-
title unused
Fixed cars and computers
concrete and tears
Found our contaminates:
fought for twelve years
Gauged Lake level just so
in one blue-eyed glance
Built spillways and ice boats
and places to dance
Served Boards and Committees
president, founder
Forgets all the meetings
needs phone call reminder
Struggles for Town Hall
a seven year vision
Of unrotted sills
and a spacious addition
Guild guru of crawl spaces
cables and cords
And Landowners' hot-line
for pulling dam boards
Lake Lover, land lover
environmentalist
Child lover, globe lover
Golden Rule humanist
Color-blind genius
hair always a mess
Town crier
Hand holder
Dream builder
YES

ABOUT THE TOWN

SETTLED:	1718
INCORPORATED:	August 1, 1728
TYPE OF GOVERNMENT:	Town Meeting
LOCATION:	North Central Massachusetts
COUNTY:	Worcester
ELEVATION AT TOWN HALL:	Approx. 570 ft above mean sea level
LAND AREA:	26.63 square miles
TOTAL AREA:	29 square miles
TOTAL ROADS:	Approximately 98.6 miles
STATE ROADS:	6 miles
POPULATION:	9,062 (1990 U.S. Census)
	8,835 (1991 Town Census)
DENSITY:	326 persons per square mile
ASSESSED VALUATION:	$481,456,703-Real Estate
	$12,165,184-Personal Prop.
TAX RATE:	$13.18 (Fiscal 1992)
UNITED STATES SENATORS IN CONGRESS:	John F. Kerry (Boston)
(Washington, D. C. 20510)	Edward M. Kennedy (Boston)
REPRESENTATIVE IN CONGRESS:	Joseph D. Early, Worcester
3rd Congressional District	(House of Representatives
	Washington, D.C. 20510)
STATE SENATOR:	VACANCY
2nd Worcester & Middlesex District	(State House, Boston 02133)
REPRESENTATIVE IN GENERAL COURT:	Augusta Hornblower, Groton
1st Middlesex District Precincts A&C	(State House, Boston 02133)
REPRESENTATIVE IN GENERAL COURT:	Robert A. Antonioni, Leominster
4th Worcester District Precinct B	(State House, Boston 02133)

1992 Richard A. Bursch
1993 Kenneth P. Paton
1994 VACANCY

ASSISTANT TREASURER
1992 Lisa Wanamaker

BOARD OF SELECTMEN

The Board of Selectmen bid farewell to Paula Fletcher and Janet Goodrich this year. Their seats were filled by Michael Sauvageau and Steven deBettencourt. It is always difficult when two members of any three member Board change in one year. However, the transition went very smoothly. In other personnel changes, 1991 also brought with it a new Town Counsel. With Tim Hillman resigning to accept a judgeship, the Board of Selectmen hired the firm of Kopelman & Paige to handle Lunenburg's legal needs. Rebecca Whitten resigned as Town Accountant and Karen Rameau filled that position in September of 1991. One other change of note was the departure of Mary Padula as our State Senator. The Board wishes all the recently transitional people the best of luck.

The Lunenburg Housing Partnership was officially formed early in 1991. Their task is to advance affordable housing alternatives within Lunenburg's borders.

Town Hall finally received some much needed repairs -- a drop in the bucket. However, bit by bit the Board hopes to be able to bring Town Hall back into use as a viable spot for many of the community's functions. It is the Board's hope that in turn this will help to instill pride in Lunenburg's heritage and sense of community spirit.

Community was also the key to the Board's initiation of the All-Town Board Meetings. The purpose of these meetings is to advance the implementation of innovative and cooperative ideas, as well as to strengthen communication within the Town and especially within Town government.

One such cooperative step was achieved with the installation of Centrex by all Town offices. While this necessitated changes in all the Town's municipal telephone numbers, over the next ten years, there will be a significant savings to the Town.

The next several years will provide Lunenburg with major changes in the disposal of the Town's solid waste. One such change is the recycling program's growth. By way of a grant, the State provided two large roll-off containers. Every item that is recycled is saving Lunenburg landfill space.

Thank you for allowing the Board to continue serving you, the citizens, as best as we can, for the good of Lunenburg.

BOARD OF HEALTH

The year 1991 marked the first full year of operation for the newly elected Board of Health. During this time we have familiarized ourselves with both the State and local sanitary codes, and in spite of the continued budgetary crunch, have been able to provide the community with fair and timely decisions regarding health issues.

It is evident that health and environmental problems are growing at an alarming rate and that the potential cost of dealing with these

problems will have a significant effect on the citizens of our community.

Nowhere are these issues more important than they are at our existing landfill. With the help and cooperation of the Board of Selectmen and the Recycling Committee, the Town will be submitting an application for the repermitting of our existing facility prior to July 1, 1992. At this writing, many decisions are yet to be made. Recycling, curbside collection, lined or unlined cells, capping, short term and long term disposal plans, are but some examples of the issues that must be resolved over the next year. No matter what we do, it will cost the community deeply over the next decade.

We encourage your participation in these decisions. The Board meets twice a month throughout the year and welcomes any comments you may have.

During 1991, the following services were provided to the Town by the Nashoba Associated Boards of Health:

		NASHOBA AREA
LUNENBURG		
ENVIRONMENTAL HEALTH		
Environmental Information Responses:		
Nashoba Office	897	47

Referred to Dentist	295	39
Instruction:		
Number of Programs	166	12
Students Participating	3883	380

BOARD OF ASSESSORS

The Board of Assessors and its staff completed a third year of property valuation using the CAMA software program. Paul Gagliardi and Lisa Normandin both completed the Department of Revenue's Assessment and Administration Tax Law course. The Board members and Judy Holden continue to attend seminars and workshops in order to keep abreast of changes in the law and updates and enhancements to the computer system. Marsha Metzler, formerly an Assistant Assessor in Billerica, has been doing field inspections in conjunction with our staff, as part of an ongoing annual process of inspecting portions of the Town.

The Assessors' office is currently working on the implementation of a quarterly tax billing system as voted at the May 1991 Annual Town Meeting. This will go into effect for FY1993. Four tax bills will be mailed to all property owners. The first two bills are estimated or preliminary bills. They are based on the prior year's tax and will be due in two equal installments on August 1st and November 1st. After the Town sets its tax rate, the actual bills are mailed. They will be due on February 1st and May 1st. The preliminary tax does not represent an estimate of the actual tax due for FY1993. Abatements for overvaluation can only be filed after the actual tax bills are mailed.

The Board of Assessors and its staff look forward to working with taxpayers in resolving questions they may have about their assessments or quarterly tax bills.

There are various tax exemptions available to qualifying taxpayers. Complete information may be obtained at the Assessors' office in Town Hall or by phone at 582-4145. A summary of these exemptions is as follows:

Clause 17D	Widows, minors whose fathers are deceased, and persons over 70. Exemption is the greater of $2000 in valuation, or $175 in tax.
Clause 22	Disabled/wounded veterans, or their wives, widows, or parents. Exemption varies from $2000 to $10000 in valuation, or $175 to $875 tax.
Clause 22E	100% disabled veterans, with annual Veterans' Administration Certificate.
Clause 37A	Exemption for blind: $5000 valuation or $500 tax.

Clause 41C	Exemption for persons 70 or over; $4000 in valuation or $500 in tax, whichever is greater.
Clause 41A	Tax deferral on domicile for certain persons 65 or older, with gross income less than $20000.
Clause 42	Unmarried widows of police/fire officers killed in line of duty. Exemption $8000 valuation or $700 tax, whichever is greater.
Clause 43	Minor orphans of police/fire officers killed in line of duty. Same exemption as Clause 42.
Chapter 61A	Agricultural//horticultural land to be assessed at a value based on its use, not market value
Chapter 61	Forest land (managed under a program approved by the State Forester).
Chapter 61B	Provides for assessment of recreation land and land retained in a natural, wild, or open condition.

PLANNING BOARD

The Planning Board processed 15 ANR plans for calendar year 1991, and initiated closure on the Ecological Fibers industrial project, and the Fairlane Mobile Home Park commercial project. The modification of the Villages at Blueberry Hill was permitted pending final condition completion. This modification, which has less housing, retains three golf holes on the south side of Northfield Road as part of the proposed 18-hole course. Submission of a Development Plan Review for the Maplewood Golf Course is expected in the early months of 1992.

The Gitto Corporation industrial project is well into construction. Project meetings are held bimonthly and inspection procedures are carried out as needed. Gitto Corporation is scheduled to be in production by mid 1992. The Board has been approached for conceptual commercial projects on Massachusetts Avenue, and housing projects on Gilchrest Street and Flat Hill Road. There is no formal status change of The Woodlands at Hickory Hills.

The Planning Board has continued to implement action plans designated by the Growth Improvement and Strategic Plans. The Board is also anticipating completion of the Open Space Plan in early 1992. There is preliminary work being done on the Master Plan update.

The Sewer Master Plan Committee, a sub-committee of the Planning Board, reports they are reviewing a Master Plan Model and are developing a questionnaire for citizen input. The Innovative Housing Committee and the Planning Board are seeking direction from EOCD for the approval of Lunenburg's Housing Action Plan.

Members of the Planning Board are currently serving on the Lunenburg Housing Partnership, Capital Planning Committee, Route 13 Committee, School Strategic Planning Committee, Montachusett Regional Planning Commission, and other pertinent study committees.

RITTER MEMORIAL LIBRARY

Community generosity has been a key factor in the successful operation of the Library in 1991. This generosity has taken several forms. Gift funds actually received in 1990 were used to replace old, sagging shelves in the room housing children's fiction. All walls in the children's section were freshly painted and new carpet was laid. Irene Proctor contributed funds in memory of her two nephews, Lee and Dana Woodward. Thus, the fiction room has now been designated the "Woodward Room". Other funds for the renovations were received as gifts from the Lunenburg Rotary Club and a Town family. Painting and carpentry was done by inmates of MCI Lancaster, with volunteers and Library staff also painting and doing much moving and cleaning. An oil painting on permanent loan from Sylvia Loiselle added the perfect finishing touch.

General contributions of time by the Library corps of volunteers, organized by the staff last March, have greatly enhanced service. These dedicated people sort book donations, file cards, type, process books and magazines, deliver materials to Pearl Brook Housing, work on press releases, shelve books, generate computerized lists and records, weed out old materials, assist with youth services, mend books, and pitch in wherever there is a need. They have become an indispensable asset for the work they accomplish and for the assurance they provide that the community is fully behind its Library.

As always, the Friends of the Library have given their vital support in fund raising for many of the summer programs and year-round craft sessions, expensive museum passes, Christmas decorations, the Children's Art Festival and, with assistance from the Arts Lottery, concerts of quality. In addition, they are the mainstay of Library hospitality and can be depended on for unending batches of cookies. Their efforts were appreciated Town-wide at the Ice Cream Social and the community Christmas Tree Lighting Ceremony.

The Central Massachusetts Regional Library System loaned us a CD-ROM for three months. After only a few weeks, enthusiasm for this advanced technology was running high and a drive to raise funds to buy one was started. At year's end, the goal of $2,500 had been reached through pledges of $500 each by the Friends and LEAF, and donations of over $1,500 in response to an appeal to individuals by the Trustees. The equipment soon to be purchased will make more complete research service readily available.

A handsome painting of the Cook Farm now enhances the Library -- a gift of the artist Carol Shiel through a grant from the Arts Lottery. This donation provides a record of a part of Town history for the future. Books and other materials have been given in memory of several individuals: Ralph Benjamin, Fred Browne, Dr. James Congdon, James Hardman, Walter Jeffko, Jr., and Bernard Quinlan. Other contributions

include card covers from Hometown Real Estate, bookmarks from Foster Insurance Agency, funds for books from the Lunenburg Memorial Fund, and many donations of used materials.

All of these voluntary contributions convey a clear sense of the positive attitude of the community towards the Library. This in turn is perceived by the Trustees and staff as an endorsement of their own efforts to provide the best service possible under the circumstances. Although budget limitations necessitated the loss of three hours of operation per week, the public adjusted and checked out more materials than at any time since 1985, while the staff has shown more motivation than ever in accommodating the increased demand for services, in spite of a ten percent cut in their working hours.

The total number of materials circulated was 56,000, with 20,844 from the adult section, 1,702 from the young adult section, and 33,454 from the children's section. Books, magazines, video and audiocassettes, passes and pictures were checked out year round at the average rate of 32 per open hour.

It has been said that of all municipal services, libraries are used voluntarily by more people than any other. In 1991, Ritter Memorial Library provided the services that this use entails for just one percent of the Town's budget. Does anyone know of a better return for such a relatively small investment?

HOUSING AUTHORITY

As 1991 came to a close, it ended a year which began with anxious waiting of impending budget cuts and their impact on the Authority's operation, and ended with the Authority awarding the fire alarm update contract.

The Housing Authority did see anticipated savings from the retrofitting of the incandescent lighting with fluorescent lighting. The Authority's electric utility bills were reduced by $3,500. As part of our scheduled equipment upgrade, the Authority is replacing refrigerators and electric ranges in our elderly housing development. We will continue this practice as long as our budget permits. We were able to repave some areas of sidewalk at the Pearl Brook Apartments.

The Authority received 29 new applications for housing during 1991, consisting of 10 elderly and 19 family. The current waiting lists as of December 31, 1991 have 4 elderly applicants and 29 family applicants.

The Housing Authority will continue to work with the Town of Lunenburg and its Boards to meet the needs of its tenants and citizenry. The Board of Commissioners remain committed to provide decent, safe affordable housing within its budget constraints, and to promote new housing opportunities within the community.

CEMETERY COMMISSION

The Cemetery Commissioners met regularly during the year. Along with many repairs to older stones, and a new flag pole, the Commissioners are working on the long range development of a new section in the North Cemetery.

The following is a list of persons buried in the Lunenburg Cemeteries in 1991:

JANUARY		
Kenneth H. Baker	71	South*
Mabel F. Burnap	102	North
John E. Tautenhan, Sr.	70	South

* Denotes Cremation

HIGHWAY DEPARTMENT

LABOR - A total of $210,933.59 was spent in highway related work. The overtime account had an expenditure of $20,788.62.

SNOW REMOVAL - The cost of keeping our roads clear of ice and snow was $64,998.56.

TOWN GARAGE MAINTENANCE - This account covers the cost of maintaining the Highway Garage, and includes lights, heat, telephone, janitorial and maintenance supplies, stationery supplies, postage, office equipment, and special building maintenance. The total cost was $10,979.26.

GENERAL HIGHWAY MAINTENANCE - The cost of liquid asphalt applied to various streets, patching, paving and crack filling in Town cost $96,772.27. This account also includes catch basin cleaning, screening sand, roadside mowing, brush cutting, and limited sweeping. The total amount spent under this account was $119,191.00.

VEHICLE MAINTENANCE - This account includes all maintenance, materials, and payroll for repair work for the Highway Department, Fire Department, Police Department, School Department, and some repair work on occasion for other Town departments. It also includes gas, oil, grease, diesel fuel, acetylene, oxygen, plow blades, chains, and small tools, The total amount spent under this account was $144,816.85.

TRAFFIC SIGNS & DEVICES - This account consists of school traffic lights, repairs to lights, special detail police, guide line painting, and supplies. Total cost was $8,800.

SANITARY LANDFILL - This account consists of the cost of contractual service to the Landfill, part-time Attendant, recycling, inspections, etc. The total cost was $115,103.28

SPECIAL GRANT - Reimbursement for School Advisory Signs in the amount of $3,197.00 from Governor's Highway Safety Bureau for funding assistance.

FIRE DEPARTMENT

We were very fortunate this past year in the fact that our total number of calls for service was approximately the same as last year. The breakdown is as follows: Mutual Aid - 31; Motor Vehicle - 20; Structure - 36; Ice/Water Rescue - 2; Hazardous Materials - 10; Investigations - 19; Alarm Activations - 38; Rubbish - 6; Motor Vehicle

Accidents - 10; Medical - 2; Brush/Grass - 22; Service - 11; Outside Electrical - 18; False - 1; Good Intent - 1; Ambulance - 388.

We work very hard at trying to reduce the total number of calls in the Fire Department by education of the public through fire prevention programs and building a good code enforcement program that not only protects our citizens from the tragedy of fire, but also enables our Department to capably handle the fire problems that are presented to us on a daily basis. We ask for your continued support in our endeavors to bring you the best possible fire protection and ambulance service that we can.

Last year I listed items on our capital needs program that are needed to keep our Department operating to maximum efficiency and safety. These include the replacement of our 1966 pumper/tanker which carries most of our water to outlying areas of Town. This is a short term need that has to be addressed quickly. The ever-present need for a ladder truck and a larger and more modern fire station are long term needs that need to be in the planning stages now.

I would like to thank all the Boards and Departments in Town for their help during this year, especially the Police Department and the dispatchers for their continued efforts in making our job a little safer. All our public safety departments work together in this Town to provide you with the best possible protection that our resources make available. Most of all, I want to thank my officers and firefighters for their dedication and efforts during the past year.

ROSTER OF FIREFIGHTERS OF 1991

POLICE DEPARTMENT

In 1991, the Lunenburg Police Department, along with the City of Fitchburg and the Town of Ashby, again applied for the Drug Task Force Grant and were successful in obtaining it. We received full funding, approximately $30,000, and the Town did not have to put up any matching funds. This allowed us to keep Patrolman Sean Connery on our force to fill the vacancy left by elevating Patrolman James Marino to a detective/drug officer position. We will be putting in a drug hotline at the station for anyone who wants help or assistance with drug problems, or wants to call with information that will help us in the fight against drugs in our community. I would like to thank the citizens of our community for their support at Town Meeting and also our fund raisers. Through your efforts, money has been raised and an Article passed at Town Meeting which will allow us to keep our D.A.R.E. program going for the next two years.

Domestic crimes have shown a significant increase in Lunenburg, as well as other acts of violence and vandalism to property. Crimes involving alcohol and substance abuse continue to rise in our community as unemployment rises. Traffic congestion continues to be a problem in our Town, however, motor vehicle accidents are down approximately 10%. Of "alarming" concern is the increase in calls for alarms to which we are dispatched. They have increased from 401 in 1990 to 611 in 1991. We never charged a fee for this service in the past, but as our workload increases, along with our calls for assistance, we may have to. Some people may not like this, but our resources are limited and we can only do what we have the manpower and money to do.

This past year, in order to keep our Safe Boating Program going, the citizens who live on Lake Shirley chipped in and donated funds of their own. It is unfortunate that the Safe Boating Program budget had to be supplemented this way, but I applaud them for their zeal and enthusiasm in supporting this worthwhile program and their community.

In today's tough times, it is refreshing to see a Town such as ours still working together with its Department Heads and leaders to maintain its character and dignity. We have a Police Department that is second to none in the Commonwealth, staffed by highly motivated professionals. It makes me extremely proud to be the Chief of such a Department and allows us to protect and serve you, the citizens of our community.

During 1991, we handled 951 complaints/investigations, 268 motor vehicle accidents, 611 alarms, and took 42 persons into protective custody. The following 931 court cases were processed through the Fitchburg District Court:

CRIMES AGAINST PERSONS AND PROPERTY

Assault	1
Assault & Battery	6
Assault & Battery on a Police Officer	2
Assault & Battery with a Dangerous Weapon	13

Assault With a Dangerous Weapon	1
Attempted Breaking & Entering - Nighttime	1

Using a Motor Vehicle without Authority	1
Violation of Child Restraint	1
Violation of License Restriction	2
TOTAL:	781

CONSERVATION COMMISSION

The Conservation Commission continues to enforce the Massachusetts Wetlands Protection Act and the Town of Lunenburg's Wetlands Protection By-Law. In 1991, the Commission issued 26 Order of Conditions, 7 Wetlands Determinations, 2 Enforcement Orders, and conducted many on-site inspections.

The Conservation Commission office is presently located in the Selectmen's Conference Room along with the Board of Health. In 1990, the Commission secured permanent access to the third floor of the Eagle House Senior Center. Relocating the office still remains contingent upon finishing off the third floor.

The Commission is also responsible for the acquisition and management of Conservation owned land. This year the Commission swapped 2.025 acres of land located on Mulpus Road in return for 15.077 acres of land on Howard Street previously owned by Harold and Karen Alatalo to connect Conservation land to the Town Forest land. This land swap was approved at the 1988 Annual Town Meeting.

The Conservation Commission repeats their request to urge the Town to hire a part-time professional Conservation Officer possibly to be shared with the Board of Health and the Planning Board for the purpose of enforcing the Wetlands Protection Act and protecting the environmental interest of the community. We would like this agent to work towards public education and reach out to the students in the school system.

The Commission has agreed to allow the Highway Department to remove approximately 20,000 yards of sand and gravel from Conservation Commission owned property known as Laurel Bank/Brown Property off Pleasant Street. The purpose of the excavation is to sand and pave

roads for the 1991/1992 winter season. It would cost the Town $7.00 - $8.00 per yard for sand and gravel if purchased elsewhere. The Board of Selectmen, Highway Department and Conservation Commission are very interested in a possible land swap. The Commission is particularly interested in the West Street property owned by the Town under the School Department jurisdiction. The Commission considers this land to have great habitat value, which also contains wetlands.

Long standing Conservation Commission member Tom Lawson continues his dedication to the maintenance and well being of several Conservation owned properties. The Commission continues to report vandalism at the Cowdry Lot.

David Holtz has performed maintenance on the dam on Reservoir Road. He also removed a willow tree which had been badly damaged in Hurricane Bob. Several other trees were trimmed so as not to inhibit the ball field. The Commission wishes to thank David for his effort and concerns.

The Commission also thanks Bob Gniot for the volunteer work of photographing the shoreline of Hickory Hills Lake for the purpose of documenting the existing conditions of the lake. The Commission is looking for volunteer photographers for similar work from Lake Shirley and Lake Whalom.

The Conservation Commission appreciates the work of former members Michael Sauvageau and Robert Kreger for their efforts in Conservation practices. The Commission welcomes David Anshus as a new member.

CAPITAL PLANNING COMMITTEE

Article 3 of the 1991 Annual Town Meeting mandated formation of a Capital Planning Committee. The Committee was formed in September of 1991. Committee members are Michael Sauvageau, Board of Selectmen; Jane Hall, School Committee; Edward Hubbard, Finance Committee; Marion Benson, Planning Board; and Elaine Rae Murphy, Member at Large. The Committee's mission statement reads:

"Our goal is to help local government form a financial structure by knowing the community's worth, planning for necessary capital expenditures, and maintaining its present assets thus creating a climate of shared information for sound planning decisions for preserving the characteristics and quality of life in this community."

The first task of the Capital Planning Committee is to establish a complete inventory of Town property, roads, rolling stock and all other values in unit form of over $250.00. Inventory form requests require condition and obsoleteness rating. Replacement time line, cost and improvement plans are also noted. As of this writing, the inventory is 60% complete. The inventory will be kept up-to-date, making available the value, condition and needs of Town operation.

Concurrently, the Committee, after studying contingent towns' procedures, formulated a one year survey form for each department's

capital expenditure request. Future plans include the development of a system where each Department will generate a five year Capital Plan of need.

The Capital Planning Committee's mandate is to inform the budget working committees of overall long-range capital improvement and expenditures, enabling them to reflect these costs in sound budget planning. This will also enable voters to make informed decisions. The Committee's consensus is that the procedure will take about two years to be effective.

COUNCIL ON AGING

The Eagle House Senior Center completed its first full year of operation in 1991, functioning as a Monday through Friday congregate meal site and distribution point for Meals On Wheels. The Wednesday Drop-In, with coffee and donuts on tap, is a popular gathering spot for socializing, cards and games. Other programs are biweekly Cribbage Tournaments and weekly sessions of Open Bridge, Craft Classes, Bingo, Walking Club, and Gentle Exercise Program. Interspersed are special programs, such as day trips, overnight trips, a Volunteer Tea, a First Anniversary Celebration, a Spaghetti Supper and various lectures and informational presentations.

Counseling and referral service is provided for elders and their families. A newsletter is published each month, with three issues mailed and other issues distributed at various local establishments. The Eagle House Senior Center and Council on Aging have assumed the responsibility for the distribution of surplus food, and the Center also serves as a collection point for non-perishable food for needy of all ages. The Eagle House provides meeting space for various Town Boards and Committees when space at the Town Hall is not available. American Legion Post #283 has an office at the Center and holds their monthly meetings in the social hall.

Perhaps the greatest achievement of 1991 was the institution of a much-needed Monday through Friday elderly transportation service through an agreement with Montachusett Area Regional Transit (MART) at full reimbursement to the Town. This is the same service that is offered in 11 of the 14 communities that are members of MART. Ridership has more than doubled for twice weekly shopping trips, area medical appointments, participation in the noon meal and programs at the Eagle House.

The Council on Aging in 1991 changed from a volunteer Board with minimal secretarial help, offering limited programs due to space constraints, to a volunteer Board in charge of a building with programs in operation five days a week for 52 weeks a year, employing a Director, part-time secretary, part-time custodian, a meal site manager and two van drivers.

There were other changes! Longtime Council member and former Chairperson Elvira May resigned in January, but continues as Volunteer Trip Coordinator. Former Vice Chairman and Chairman Mario Patacchiola

chose not to be reappointed, as did veteran member Chester Pliska. Also the Council accepted the resignation of Elizabeth Donovan. All will be missed, but were ably replaced by Jean Hobbs, Raymond Delisle, Nicholas Rimpas and Christine Lattanzi. The reorganization of the Council on Aging in June elected Jean Hobbs as Chairperson and Freida Jacobs as Vice Chairperson. Among staff changes was the resignation of Director Dianne Harrington who was replaced in May by Jeanne DeBruin. Also, former Secretary Priscilla Kresser was replaced in October by Nancy Rimpas. Van Drivers Gerald Beloin and Stanley Howard joined the staff in September.

During 1991, 186 volunteers contributed a total of 4,572 hours of their time, worth some $60,000, to assist the Council on Aging in providing programs and services to the 1,467 residents of Lunenburg 60 years of age and over. Without this assistance, none of these things would be possible. The Council on Aging and the Eagle House staff and volunteers are dedicated to serving the elderly of the Town of Lunenburg. All programs at the Eagle House Senior Center and any services provided by the Council on Aging through their Director are open to all elders in the community, regardless of income.

Anyone interested in any of the programs or in need of elder services, are asked to contact the Center at 582-4166, Monday thru Friday from 8:00 A.M. to 3:00 P.M. Volunteers are always needed and welcome!

BUILDING INSPECTOR

The Building Official's report for 1991 shows new housing permits at about the same number as last year. As most individuals are aware, new housing starts in this region have dropped sharply. However, the total number of permits issued by this office has not changed significantly.

This year has seen a fairly large office manufacturing building well underway in the Town's newly formed Office Park/Industrial District, as well as an addition to another established facility.

The following data shows permit activity for the past year and the type of projects that are underway: New Residential-23; Residential Additions and Garages-72; Residential Renovations-55; and a total of 201 permits were issued in 1991 for all other work requiring permits. Also, 21 wood or coal stove inspections were done for residential homes.

Much appreciation is extended to all Boards and Departments for their help in making a busy year at least manageable especially with budget cuts. Particular thanks is offered to the Plumbing and Wiring Inspectors for their timely and expert inspections as well as code enforcements. Residents with permit or zoning questions should call 582-4146.

INSPECTOR OF WIRES

The Board of Selectmen appointed me, James Sharkey, as Inspector of Wires in July of 1991. From that date to December 31, 1991, 81 permits were issued for electrical wiring. Almost all permits were for wiring which was residential in nature, i.e. new homes, additions to homes, and the like. The 81 permits resulted in approximately 150 inspections. Typically, each wiring job requires two inspections though some need but one. All electricians taking out a wiring permit must carry liability insurance or obtain a waiver from the property owner.

At this time, I would like to thank my colleagues and fellow Inspectors for their assistance and cooperation.

INSPECTOR OF PLUMBING & GAS FITTINGS

The following is the report of the Inspector of Plumbing & Gas Fittings for the year ending December 31, 1991.

Plumbing Permits		Gas Permits	
New Homes	25	New Homes	2
Remodeled Homes	36	Commercial	2
Commercial Buildings	6	Gas Appliances	49

In accordance with the State Plumbing Code, all plumbing installations require a rough inspection and a finish inspection. Eight additional inspections were made for proper compliance of the Plumbing Code. For the year 1991, a total of 142 inspections were made.

The Inspector thanks all Department Heads for their assistance throughout the year.

INSPECTOR OF WEIGHTS & MEASURES

The Inspector of Weights & Measures performed his duties throughout the year and reports that twenty-four visits were made to Town businesses with a total of $648.00 collected in fees. The Inspector extends his thanks to all the establishments requiring his services for their full cooperation.

LOCAL ARTS COUNCIL

The Lunenburg Arts Lottery Council has distributed a total of $3,131 in Arts Lottery Grants and Performing Arts Students Series (PASS) Grants received from the Massachusetts Cultural Council. Due to a dramatic decrease in their funding from the State, the Massachusetts Cultural Council was not able to sponsor a fall cycle this year. However, there is a 1992 mid-winter cycle now in process. The groups benefiting from the 1991 grants were the Lunenburg PTO, Lunenburg Council on Aging,

Friends of the Ritter Memorial Library, Nashoba Valley Chorale, and Thayer Symphony Orchestra.

It is the intention of the Local Arts Council to help provide cultural experiences to all age groups in our community.

VETERANS' AGENT

The Board of Selectmen appointed myself, John Czarnecki as Veterans' Agent in July of 1991. Since that time, fourteen inquiries have been received. Of these, three applications were processed with the remaining being referred, or requiring no further action. Since being appointed the Veterans' Agent, I have been trying to obtain securable office space within the Town so that official veterans files, regulations, and information can be properly maintained. This would allow a veteran seeking assistance to discuss personal affairs and requested assistance with dignity in a private setting, as provided for in other communities.

ZONING BOARD OF APPEALS

The Zoning Board of Appeals heard sixteen petitions seeking Special Permits or Variances in 1991. Seven petitions were for Special Permits, five were granted and two denied. Eight petitions were for Variances, seven were granted and one denied. On the remaining petition, the Zoning Board of Appeals voted to overturn the decision of the Building Inspector. Decisions on these petitions can be viewed at the Town Hall.

TREASURER TAX COLLECTOR TOWN CLERK

Thirty years ago, one of my predecessor successfully argued to have her staff increased by one full time employee by comparing a variety of statistics; in my "for what it's worth" department, I offer the following update on that comparison.

	THEN	NOW
Population	6,334	8,987
Persons assessed R.E/P.P. taxes	2,466	4,190
MVE bills processed	5,215	11,073
Persons on payroll	321	411
Total Receipts	1,958,857	30,824,827
Total Disbursements	2,040,385	30,861,853
Building Permits Issued	369	201
Number of persons employed:		
Full Time	3	3
Part time	1	2

IT DOESN'T LOOK TO ME LIKE WE'VE COME A LONG WAY!! If this little look back has done anything for me, it has increased my respect for the work my staff is doing.

Many changes have taken place in the offices of Treasurer, Tax Collector and Town Clerk. Lisa Wanamaker replaces Karen Rameau as Assistant Treasurer. Karen has assumed the position of Town Accountant; we all wish her well in her new post and look forward to working with her in that capacity. Lisa has been trying to do the job of two people while at the same time training a part time replacement for her full time job. You are appreciated, Lisa!

All Town employees are being paid on a bi-weekly basis now and the payroll is being done in house. Many thanks to Laura Dunbar for service beyond the call of duty in bringing this change about. While this has saved the Town money overall, it has created additional expense in the Treasurer's administration, not to mention the drain on availability of computer time.

Another area of savings this year is the in-house preparation of the excise, personal property and real estate tax bills. We will be issuing Quarterly tax bills in FY93 and the in- house operation will reduce costs significantly; however, there is still the expense of additional hours needed to prepare them.

Thanks to the efforts of my staff, we were able to obtain 100% collection rate of FY91 Real Estate taxes, This means that we either collected the taxes or placed a tax lien on the property and recorded it with the Registry of Deeds to protect the Towns interest.

A milestone has been reached this year. Everyone on my staff will soon be computer literate and while I'm delighted with their sincere efforts in using computers, I can't help but wonder if I haven't created a monster or two... While at their computer training, my staff have been exposed to newer, more advanced equipment and have begun to realize just how slow and old our system really is. It is my hope that in the coming year we will be able to update and expand our computer equipment in these three administrations in order to use the ever decreasing staff hours more efficiently.

Reconciliation of Treasurer's Cash

FOLLOWING ARE THOSE RECORDS OF BIRTHS, MARRIAGES, AND DEATHS THAT EITHER OCCURRED IN OUR TOWN OR RECORDS WHICH WERE FORWARDED TO THIS TOWN FROM OTHER MUNICIPALITIES IN THE STATE. LUNENBURG RESIDENTS ARE URGED TO NOTIFY THE TOWN CLERK IF IN-STATE RECORDS HAVE NOT BEEN RECEIVED AND RECORDED. IF A BIRTH, MARRIAGE, OR DEATH OCCURRED OUTSIDE THE STATE, THE SAME MAY BE RECORDED IN THE LUNENBURG TOWN CLERK'S OFFICE IF CERTIFIED RECORDS ARE PRESENTED. IN SOME CASES THE TOWN CLERK'S RECORDS ARE SUPPLEMENTED BY RECORDS OF BURIALS WHICH APPEAR ELSEWHERE IN THIS REPORT. IN ORDER FOR THESE RECORDS TO ALSO BE INCLUDED IN THE OFFICIAL VITAL STATISTICS RECORDS, THE FAMILY OF THE DECEASED SHOULD PRESENT A CERTIFIED COPY OF THE DEATH CERTIFICATE TO THE TOWN CLERK. IN ACCORDANCE WITH THE GENERAL LAWS, MARRIAGES WHICH OCCUR HERE BUT RELATE TO LICENSES WHICH WERE OBTAINED ELSEWHERE IN THE STATE ARE NO LONGER INCLUDED IN OUR OFFICIAL TOWN RECORDS.

EXCERPTS FROM TOWN MEETING WARRANTS MAY 11, 1991

The Meeting was called to order at 9:08 A.M. by Moderator Richard J. Bishop, a quorum having been declared present.
The meeting pledged allegiance to the United States Flag.
David W. Rodgers, 82 Highland Street was recognized and asked that the Town recognize the years of service of the following persons who have retired from employment with the School Department: M. Donald Piermarini 29 years; Richard F. Mulligan 37 years; and Jean M. Killeen 33 years.
Proclamations were presented to Joseph Giovino and James Mann in recognition of their years of service to the Town.

SPECIAL TOWN MEETING

ARTICLE 1. To see if the Town will vote to raise by taxation and appropriate, or appropriate from available funds, the sum of $90, or some other sum or sums, for payment of a medical expense incurred by a firefighter a previous fiscal year, or act anything thereon. (Submitted by Selectmen) **Approved by Finance Committee with appropriation to come from Free Cash. VOTED UNANIMOUSLY**

ARTICLE 2. To see if the Town will vote to accept and improve Sunset Lane under the Betterment Provisions of Massachusetts General Laws, Chapter 80, and to authorize the Selectmen to do all things necessary to effectuate the same, and to appropriate by borrowing the sum of $640,180. to do same, and to assess said owners at a rate of interest on said betterment assessment equal to 2% above the rate of interest chargeable to the Town for the betterment project in MGLA Chapter 80, Section 13, or act anything thereon. (Submitted by Selectmen) **Finance Committee recommends approval. VOTED YES 125, NO 10 (83 needed for 2/3rds)**

ARTICLE 3. To see if the Town will vote to transfer $19,300, or some other sum or sums, from Article 2 of this Special Town Meeting Warrant to the Reserve Fund for the purpose of replenishing the equivalent amount spent on engineering for the Sunset Lane betterment project, or act anything thereon. (Submitted by Selectmen) **Finance Committee recommends approval. VOTED UNANIMOUSLY**

ARTICLE 4. To see if the Town will vote to petition the Legislature to file a Special Act to approve the exemption of certain boiler repairs at the T.C. Passios Elementary School from Chapter 30B of the Massachusetts General Laws, the Procurement Act, or act anything thereon. (Submitted by School Department) Finance Committee recommends approval. **VOTED UNANIMOUSLY**

ANNUAL TOWN MEETING

ARTICLE 1. To see if the Town will vote to accept the regular written reports of the Town Officers and Committees, or act anything thereon. (Submitted by Selectmen) **VOTED UNANIMOUSLY**

ARTICLE 2. To see if the Town will vote to demand that its Senator and Representatives do everything necessary for the establishment of a reasonable state revenue sharing program for cities and towns as required by Question 5 which was approved overwhelmingly by the voters at the 1990 biennial state election, to provide for sufficient state revenues to help fund local services, or act anything thereon. (Submitted by Selectmen). **VOTED UNANIMOUSLY**

ARTICLE 3. To see if the Town will vote to accept Chapter 44, Section 53F, which authorizes the Treasurer and Collector, with the approval of the Selectmen, to enter into compensating balance agreements with banking institutions in the Commonwealth of Massachusetts, or act anything thereon. (Submitted by Treasurer) **Finance Committee recommends approval. VOTED UNANIMOUSLY**

ARTICLE 4. To see if the Town will vote to hear the report of certain Town Committees, or act anything thereon. (Submitted by Selectmen) **VOTED UNANIMOUSLY**

ARTICLE 5. To see if the Town will vote to accept the provisions of Massachusetts General Laws, Chapter 59, Section 57C, which authorizes cities and towns to implement a quarterly tax payment system, or act anything thereon. (Submitted by Finance Committee) **Finance Committee recommends approval. ARTICLE 5 WAS DEFEATED.**

ARTICLE 6. To see if the Town will vote to raise by taxation and appropriate, or appropriate from available funds, or by borrowing, all sums of money necessary to defray the charges and expenses of the Town for Fiscal Year 1992 and to fix the salaries and compensation of all elected officers of the Town and any other items included in the budget of the Finance Committee, or act anything thereon. (Submitted by Finance Committee) **VOTED that the budget be taken up at this time and that the Town vote to appropriate those specific sums of money recommended in the first column of the budget as printed in the Finance Committee report for Fiscal Year 1992. The budget line items were discussed and voted as follows:**

SUPERINTENDENT'S REPORT - CONCETTA A. VERGE

Once again it is necessary to report to the community that the schools are grappling, as are all other Town Departments with a very dismal fiscal situation.

During the past two years a significant amount of money has been brought into the School District to supplement the depleted General Appropriations (town portion of the School Department Budget) in order to maintain a quality comprehensive school system. Through active recruitment efforts, Lunenburg is a school system that continues to attract students who live in other communities. During the past two (2) years approximately over $440,000 was generated through the administrative efforts to attract more and more Non-resident students to the Lunenburg Schools. These funds have in turn allowed Lunenburg Schools to continue to offer a quality educational experience for all students. Aggressive pursuit of grant funds has also supplemented our underfunded School District. Increases in users fees, fundraising efforts of parents and students and generous contributions from local business people have helped the School District retain so much.

Lunenburg has financial hope for the future. Currently a town appointed committee is studying the feasibility of regionalization which, if positive, could bring significant additional funds to the schools which; and in turn reduce the financial burden to the town of the schools.

Lunenburg has also adopted School Choice which will allow additional students from other school districts to attend the Lunenburg Public Schools at no expense to them or their families. Sending municipalities will bear the burden of Choice tuition. Although the Choice legislation is philosophically non-palatable for many of us, it may be a means to make our schools even more effective in meeting the challenge of educating our students for the 21st century. Choice will also reduce the financial burden the schools place on the town.

The Lunenburg Administrators and Staff have been proactive in pursuit of the continuation of excellence in the Lunenburg Schools. This administration pledges to continue that effort.

In the interim strides are being made in the area of curriculum development and revision, innovative teaching strategies and methodologies shared decision making and planning and professional development. Our test scores remain high as does our college admission rate while our dropout rate is virtually below 1%.

We are fortunate in Lunenburg to have such dedicated professionals working with our students. We are fortunate to have parent interest, commitment and support. We are fortunate to have a community that demands quality education for the youth of Lunenburg. Together, these groups have made it work for Lunenburg and will continue to do so.

Lunenburg School Committee Goals Statement

We recognize that our highest priority is to continue to provide an appropriate education for every student in our system. We encourage creative, flexible, new thinking from the entire educational Team - funding, in planning curriculum, and in personnel management.

Our mission is to develop responsible, self-motivated students by creating a learning environment that is exciting, challenging and innovative.

School Committee Goals
1991-92 School Year

Provide meaningful opportunities for students to meet the industrial, technological and educational challenges of the 21st century.

Complete a 1-3 year facility assessment and maintenance plan, establishing priorities, and action plan for financing and accomplishment of our students and staff to all parts of the community.

Communicate the educational needs and promote the accomplishment of our students and staff to all parts of the community.

Develop policies and procedures consistent with year three (3) of the Strategic Plan and continue to promote public awareness thereof.

Provide staff and committee members with opportunities for professional development.

Broaden educational opportunity through exploration of news and/or additional resources.

Develop FY'93 Budget encouraging maximum input and maximum involvement.

Provide staff with opportunities for involvement in professional development.

Elementary School Principal's Report
(William F. McSheehy)

This year, the Thomas C. Passios Elementary School would like to acknowledge the deep loss which the school and community have suffered in the deaths of fourth grader Kim VanHorne and third grader Billy Proctor. The memory of these two special children will live forever in our hearts. We are fortunate to have had the Good Grief Program to support the needs of our children and families during these times of loss.

The T.C. Passios Elementary School is dedicated to educating the total child with a very special emphasis on the principles of dignity, self worth, and integrity. We stress the importance of acceptance of differences; we encourage cooperative learning situations; we foster a genuine concern for others; and we encourage a sense of commitment toward the larger community. In response to parent requests, we have expanded our Before and After School Extended Day Program to include a kindergarten alternate session. Our After School Activity Program, remains a popular option for many of our children.

We have established a rigorous curriculum with flexibility to meet the needs of each student. We believe to be effective, education must be founded on a secure mastery of the basic skills taught not only in isolation but also in integration with one another. We place a strong emphasis on literature in our reading program. Through our Professional Development system this year, we have provided our teachers with a year-long training course in the Whole Language Approach to the teaching of reading and language. They have implemented within their classrooms the strategies and techniques consistent with this philosophy. A writing program that nurtures a personal expression of ideas is in place in each classroom. The mastery of computational and problem solving skills is an inherent part of our math program. Through the Math Their Way Program, children at the kindergarten level experience math using manipulatives. We stress the use of the scientific method in an activity based science exploration program, a creative music and art program and a developmental physical education program. In every area of the school day we stress independent thinking and creative problem solving balanced by receptivity to the ideas of others. We were fortunate this year to receive a grant from the newly established Lunenburg Education and Achievement Foundation (LEAF) supporting an in-class thinking skills program for high achievers.

Our school atmosphere is informal and friendly. Although styles of teaching vary, we recognize and respect different learning styles and believe that we are capable of reaching every child. Our faculty is excited about the new directions in education, and they are constantly learning and growing. This year we have piloted a heterogeneously grouped, self-contained classroom at each grade level. Our staff continues to demonstrate to the children a caring school community by working together and respecting one another. In

addition, we have a tremendous pool of parent volunteers who serve as positive adult role models for our children. These parents serve as academic tutors, teacher aides, and fundraisers. Through the efforts of the Principal's Advisory Committee, several of our parents have been instrumental in directing craft sessions for our fourth graders as an alternative to the regular recess period.

We believe in the excellence of the individual child and hope to play a part in developing well rounded, self-respected, friendly, sensitive children.

Turkey Hill Middle School Principal's Report
(Mary E. Cringan)

Turkey Hill Middle School focuses on an educational process that recognizes and provides for the uniqueness of the individual. This is accompanied by a program that is intellectually challenging and recognizes the students academic, emotional, physical, aesthetic, and social needs. In a time of transition between elementary and high school, our students will be encouraged and guided to discover not only self-worth and potential, but sensitivity toward human relationships, respect for the abilities, values, and attitudes of others, and a sense of responsibility to the entire community.

Turkey Hill Middle School is home to 484 students in grades five through eight. Our curriculum in grades five, six and seven include reading, english, math, science and social studies. In grade eight, all students take a foreign language of their choice; Spanish, French or Latin and english, science, geography and either algebra, pre-algebra or general math. Our unified arts program consists of home economics, industrial arts, instrumental music, art, health and physical education.

Our students continue to score well above the State average on the Massachusetts Educational Assessment Test and the Massachusetts Basic Skills Test.

Suspensions and truancies are extremely low. We look at each student as an individual when dealing with discipline and we have very close contact with parents and social agencies when needed.

Our Special Education percentage is 13%. We integrate and mainstream as many students as we can. Our Special Education teachers consult, team teach and support our regular education teachers.

High School Principal's Report
(Frank A. Sambuceti)

Lunenburg High School offers a comprehensive program of studies for students in grades 9-12. Since almost 75 percent of the graduates of Lunenburg High School typically pursue some form of higher education our curriculum provides a strong program of college preparatory courses in English, mathematics, science, social studies and foreign language. Complementing this academic core are quality offerings in business education, art, music, industrial technology and physical education.

Lunenburg High School also provides an extensive co-curricular and extra curricular program and our students are encouraged to participate in the many clubs, organizations, events or interscholastic athletic teams which are available. Among our numerous student clubs and activities are: Debate Club, Youth and Government Club, Yearbook, Student Council, International Club, Math Team, National Honor Society, Nature/Environment Club, S.A.D.D., Academic Decathlon Team, Latin Club, Ski Club, National Art Honor Society and Future Business Leaders of America. Additionally Lunenburg High School sponsors a wide variety of interscholastic sports at the various levels of boys' and girls' competition. Our athletic program includes baseball, basketball, cross country, football, golf, soccer, field hockey, tennis, track and softball.

Lunenburg High School has a long tradition of academic excellence and scholastic achievement. There are many criteria which can be used to demonstrate this but college acceptance rates are surely one of the most significant. While statistics in Massachusetts last year indicate that approximately 63% of graduating high school seniors went on to some form of higher education, LHS's class of 1991 distinguished itself with a college acceptance rate of almost 85%. We believe this speaks powerfully to the quality of our academic programs and dedicated staff as well as the calibre of our student body.

Lunenburg High School's proud tradition of athletic achievement was demonstrated in singular fashion in 1991. LHS was honored as having the most successful sports program in its division of Midland-Wachusett Athletic League. Lunenburg was the winner of the prestigious Richard Mulligan "All Sports Cup" which is annually awarded to the school which achieves the best cumulative record for all its sports teams throughout the year.

Thomas Jefferson observed that citizens have the right to expect efficiency and economy from their public institutions We believe Jefferson would be very pleased with Lunenburg High School's dedicated and enlightened efforts to serve the needs of its students and the larger community. Despite significant financial impediments LHS continues to distinguish itself for its rigorous and engaging academic offerings and successful athletic programs. In addition, the high

school's co-curricular and extra-curricular student activities and organizations have been commended by the New England Association of Schools and Colleges for their comprehensiveness and overall quality.

Lunenburg High School remains committed to providing its students with every possible opportunity to learn and grow as well as to contributing to the overall quality of life in the community.
