A member of the public who wishes to record a meeting must first notify the chair and must comply with reasonable requirements regarding audio or video equipment established by the chair, so as not to interfere with the meeting. The chair is required to inform other attendees of any such recording at the beginning of the meeting. If someone arrives after the meeting has begun and wishes to record the meeting, that person should attempt to notify the chair prior to beginning recording, ideally in a manner that does not significantly disrupt the meeting in progress, (such as passing a note for the chair). The chair should endeavor to acknowledge such attempts at notification and announce the fact of any recording to those in attendance.

The agenda lists all the topics which may be discussed at the meeting and are those reasonably anticipated by the Chair. Votes may be taken as a result of these discussions.
